Attorney Docket No.: JHU2090-1

## **Amendments to the Claims**

Please amend claim 2 as indicated in the listing of claims.

Please cancel claims 1, 5, 6, 8, 11, 12, 18 and 20-44 without prejudice or disclaimer.

The listing of claims will replace all prior versions, and listings of claims in the application:

## **Listing of Claims:**

- 1. (Canceled)
- 2. (Currently amended) A method for identifying a compound which modulates cellular glycosylation, comprising:
  - a) contacting a cell which expresses GTRAP3-18 with a test compound;
     and
- b) identifying the test compound as a modulator of cellular glycosylation by assaying the ability of the test compound to modulate the expression of a GTRAP3-18 nucleic acid molecule or polypeptide by detecting the level of glycosylation of a GTRAP3-18 target molecule, or the activity of a GTRAP3-18 polypeptide by detecting the level of glycosylation of a GTRAP3-18 target molecule, thereby identifying a compound which modulates cellular glycosylation.

## Claims 3-8. (Canceled)

- 9. (Previously presented) The method of claim 2, wherein the GTRAP3-18 target molecule is a glutamate transporter.
- 10. (Original) The method of claim 9, wherein the glutamate transporter is selected from the group consisting of: GLAST/EAAT1, GLT-1/EAAT2, EAAC1/EAAT3, EAAT4, and EAAT5.
